**Amazing Alice** Frou Frou Flip Flops mean fun—and funding good causes. Alice from Tampa Bay explains, “I wanted to do a lemonade stand after the big tsunami in 2004, but Mommy said it wouldn’t raise enough money. I learned how to decorate flip-flops in second grade.” Thanks to help from her mom and her sister, Wendy, Alice has earned more than \$2,000 for charities, including tsunami and Hurricane Katrina relief and the American Cancer Society, with her flip-flop project. She accepts donations of new flip-flops and ribbon and gladly fulfills as many custom orders as possible. As Alice puts it, “I’m only 9 years old.” Visit [www.froufrouflipflops.com](http://www.froufrouflipflops.com).
